PREFACE

I published the book ‘The process ends here (having closed up all the loopholes that could cause me material problems for survival comes first even now when I feel deep down that I have achieved so much, whether I am a purnaavtar of God to have done all that I have done) in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of: ‘The ultimatum deadline for the outcome of the process’. I did this as the opportunity came that would finally determine with certainty that ‘there is no money in truth’: I did not find any and lost everything along the way. So would turning to God find me that pot of gold, I considered and put to the test here:

<https://www.theconservativelibertariansociety.com/forum/main/comment/a61d0fb6-191e-4d0e-83f2-fb4ec1457c17?postId=6094d0250ba5930015ebbcraf>

This essentially refers to whether I would be able to secure any damages and compensation from the UK Treasury within the next two weeks, given that the UK State considers me to be mentally disordered, a mental patient, and I have an appointment on the 18 of August 2025 with Dr Oranusi the Consultant Psychiatrist in Britton House at 10.00 am so that whether I get my financial package with or without the apology or get my TCLP-UK registered has to be determined before this date.

The most important thing is to cut off possible avenues of attack and the publication of this book is what the State has to consider in deciding my Fate now. Of course the early morning email indicates that the State wants me to take a plane and head off to India, and who knows where I will be next year, what I will preach or what I will tell people of my experiences in the United Kingdom. They have to read my 435 eBooks all securely published to make up their minds. I have no attachments as I write. I am not worshipping God right now. I have done in the past few months through the process of Realisation. I have done my preaching and have nothing to preach right now as I write this next book, for I have no attachments. I am instant, spontaneous, nonchalant and unpremeditated in my words, and actions. I have to protect what I have as my material attainments: that is intrinsic to the process of survival; with dignity especially.

So long as I am alive with my family intact, within that existence I must do my yoga still for what is there to yet Realise: as can be read above there remain uncertainties in my mind as to what I know and what I should do or avoid doing. Where there is life there is work to be done. What I have written above is that work that required to be written.

Good morning Daniel,

Thank you for making your specific point clear. On a wider notion however, if you were to test the health of the democracy that we have in the United Kingdom now, you would do the whole nation a big favour to see if the Electoral Commission would have any arguments left not to register the TCLP-UK on grounds that I have not been able to find an official that is needed in their Form. We have a highly structured democratic system with unaccountable authorities.

Hi Shantanu – great to be connected!

With the new tax year underway, I'm having a lot of conversations with professionals like yourself who may receive RSUs, bonuses, or stock options – especially around the tapered pension and personal allowance.

Many don't realise that equity awards or rising income can push them into tapering territory, meaning they may have over-contributed to their workplace pension or other tax efficient vehicles without knowing – often resulting in a surprise tax bill from HMRC years later.

A short, no-obligation chat could help you:

- Understand how the tapered allowance affects you now or in future
- Optimise pension contributions to avoid tax charges
- Align RSU'/Bonuses income with long-term tax-efficient planning
- Protect and grow your wealth with clarity

Would you be open to a quick non-committal call in the next couple of weeks?

Best regards, James

Below it, the 'User' section shows an email address (shantanupanigrahi@yahoo.com) and a password field. There's an 'Edit' button and a 'Save' button. The next section, 'Connect your Google account', includes a 'Connect Google account' button. The 'Passkeys' section allows adding a passkey with a 'Add a passkey' button. The 'Two-step authentication' section shows a single method: 'Text message' (Less secure, Default), added on July 24, 2021. A note says to generate a backup code if you lose your device. The 'Language' section lets you select a language (Auto-detect, English, United States) and save changes. A thought came to my mind that I may have created God in the image of what I would like the perfect God to be as and not the other way round that I am a purnavatar of Sri Krishna in the ancient Hindu form of some description.

I was looking for an opportunity to test out these thoughts and record it in this book or in a post on this when an appropriate one came up in LinkedIn: a good connection came through:

Hello Devaprabha Santhosh

Nice to make acquaintance with you for I see that you are a Graduate of Ulster University Belfast so must have interesting thoughts on religion with having a Hindu or Buddhist name? I have spent futile years of truth-seeking as an atheotheist which is someone who has not seen any

concrete evidence that a Personal God exists yet does not rule out the possibility that I may yet see this evidence before I die - I am 68 years of age. Can you work out the necessary algorithms if that is the right term? [Edited]

Do not get involved with any Mussaddis: as has been said the only good Muslim is a dead one. They have camaraderie with other Abrahamic religions to persecute Hindus. Even Buddhists persecute Hindus. Hindus at peak manifestation of religion is the true religion. So I have had my fill of the lot of them. That is the lesson learnt so far by me after 27 years of giving the benefit of the doubt that these religions are seemingly just another way of expressing what Hindus have been taught through time immemorial; for thousands of years in fact.

There has been no reply to this email on what action Tide Bank proposes to work for the £1.1 billion damages and compensation Claim of the Claimant with a letter of apology from King Charles.

It should be borne in mind that there is sufficient evidence that Tide Bank along with 5 other Banks were embroiled in deceitful dealings with me to victimise and persecute me for as long back as when I opened this Commercial Bank Account as the entire State machinery I suspected and knew deep down had been harnessed in secrecy by avoiding Court proceedings that would justify my demands for damages and compensation and clear my name that I have always been in full control of my mental faculties as a totally sane person falsely diagnosed as paranoid schizophrenic with earlier persistent delusional disorder by the harnessing of Consultant Psychiatrists in the National Health Service:

I then inserted an update in the Forum post as Update No 10 basically as representing my final defence against any charges, so that a Hearing will have to be announced on my terms, as follows: <https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/are-we-seeing-the-total-collapse-of-the-civilisation-of-the-united-kingdom>

A river has small beginnings, as the Conservative Libertarian Society Movement

in General Discussion

<https://www.theconservative libertariansociety.com/forum/general-discussion/a-river-has-small-beginnings-as-the-conservative-libertarian-society-movement>

Shantanu Panigrahi

This is where it all started, in the United Kingdom, the home of the Great British Empire. We the Conservative Libertarian Society do have to learn the fixed traditions of the country and recommend only those changes that truth-accommodate to the present status quo: the future will take care of itself.

While I remain the President of the Society I will continue to raise issues of concern with a global perspective, for which the basal data is now accumulated and published here:

<https://www.lulu.com/spotlight/the-allurementofrealityofshantanupanigrahi> .

For those of my audience who cannot afford to pay the costs of the distributed books, which is the only source of income for the Society currently to enable me to further the progress of the work of the Society, they are welcome to download the books here:

<https://www.knowledgeforworldconservation.com/post/the-allurement-of-reality-in-seven-volumes-released> . For the Society is a not-for-profit Foundation with an entirely philanthropic outlook not for personal gain. All the publications have been vetted by the legal authorities of the United Kingdom and of the United States of America and I have as things stand not received any challenge to the contents of the books or of anything that I have written in my websites.

So it heartens me this morning on the 23 of August 2021 to continue the journey of the river that began to flow 24 years ago from the awakening sparks of visions that I had that I was to construct a project that was totally unknown to me at that time, but I had a feeling that the project would build on my academic and scientific accomplishments rather than replace it as spiritual journey in search of a Higher Power that had given me those visions to move to higher objectives in life. I tested the premise of that by setting myself the highest of all ideals, namely to construct a Website that I named 'Towards Knowledge for World Conservation, at Wordpress, (<https://shantanup.wordpress.com>). It broke the back of the existing status quo as the publications in the Blog challenged the current wisdom in all aspects of the Humanities with the consequence that it was disabled by powers not unrelated to the State, for I do not entertain the thought that Wordpress had archived and suspended the Blog of its own free will because it did not provide me with an explanation. Undeterred, I was still searching to make my visions tested for while I survived in liberty, I had to continue with the mission in chasing the visions of 1997-1998. This led to the present arrangement with Wix.com in the construction of this Website arrived at because it was on my truth-path to my destiny that I was seeking, namely whether I

was born with a mission to remove ignorance and chart the path of humanity forwards as perhaps a Messiah figure or a conduit with my conversations with the Higher Power.

These writings must be assessed by the State of the United Kingdom and wider global humanity at this critical juncture where the world is facing untold problems in terms of environment (economic and climatic, dwindling natural resources), humanitarian, loss of biodiversity, and physical and mental health problems associated with the coronavirus pandemic as well as how human beings are to have a path towards peaceful and harmonious lives globally by the eradication of ignorance and poverty world-wide.

The Conservative Libertarian Society will continue to voice its feelings because the dark forces are still around for self-serving legacies and have access to the media that the Society does not have, so its work is conducted through these websites and publications from the seclusion of the home of the Founder, Dr Shantanu Panigrahi.

It is time therefore to review and take stock, be discerning and not get carried away with images on the television and listen to reporters on the outward visible news without delving into the underlying cultures that are represented in different societies that are on the spotlight.

That's a really interesting take on how movements can blossom from just a few small ideas. It actually reminded me of a recent academic project I was involved in that needed a bit of polishing before it could be published. During that journey, I discovered Journal Publishing Service, which provides a fantastic Journal Proofreading Service, absolutely essential for anyone looking to publish their scholarly work in a clear, error-free manner.

Lesson: do not get involved no matter how flattering the post is: any opportunity to get me investigated will be seized on. So it is a trap, and recorded here as such with the usual decoy Spam tone of 'fantastic Journal Proofreading Service, absolutely essential for anyone looking to publish their scholarly work in a clear, error-free manner'. Have no conversation with anyone now to protect all that I have achieved and what is on full online display. There is no scope for the present Monarchical Establishment to positively sanction the registration of the TCLP-UK Party with the Electoral Commission. This was a last ditch attempt to get me under the radar and launch a massive cover-up. This has been made crystal clear to me all along, I do absolutely nothing and go to my appointment on 18 August 2025 at Britton House for a medication review to exonerate me that I remain as sane as ever.

Hello Gopika, Thank you for your response. There is not much time to waste, so I was concerned for the time you took to connect with me:

For your formal interest and information I am into politics in a very serious way through the Conservative Libertarian Party of the United Kingdom (TCLP-UK).

TCLP-UK's Constitution promises moral politics within a cultural republicanism for which our Membership website for those interested in registering in is at:

<https://app.joinit.com/o/conservative-libertarians/>

The following Directory enables the interest in our forging of relationships internationally:

<https://knowledgefoundersunited.com/>

Let me know if you need any explanation of how and why I consider it the way for the country and the world to go.

If you are also considering a change to the way we run the UK country this way, be ready to provide me with your email address so that I can complete the registration process.

Lesson: You have to play the game within Brahma-Nature to get to liberty and security as a Vishista Advaitist. The problem has been that I had come up against too many adversaries blocking the development of my ideas and conception of Knowledge for World Conservation and accordingly, the formulation of The Conservation Libertarian Society.' Each one of these enemies of reason had to be tackled and negotiated to block any damage to what I was attaining. Gopika Prakash was no exception and had to be flushed out into silence; unless he yields to the request now given to him to make himself available as an official for TCLP-UK so that I can get on with the registration of the Political Party with the Electoral Commission.

Now who is the next adversary from Brahma-Nature to come for me to disrupt my truth-path progression: let us see.

Dear Shanthi Suman and Ravi

I am writing to you three people this morning for two reasons for which I obtained your email address from your son Suman this morning when I went to your shop to buy some milk.

I know that you (Shanthi) are very socially conscious as having stood for election to Medway Council a few years ago.

This morning I am writing to you to see if you could support my Party (TCLP-UK) in getting it registered with the Electoral Commission where it is partly registered, requiring officials to the Party to complete the formalities required.

My Party has been formed after finding out that a Personal God exists and wishes us to do work that is socially beneficial to the community and the country as well as the world. Here is a brief account of what I believe in: <https://app.joinit.com/o/conservative-libertarians/posts/k9TrhTcADT6Sg9hP2>

You would help the country in being aware of God and working with faith that He/She is a most pleasant and decent God who cares for all people of the world.

So I am writing to you, Ravi, and Suman this single email this morning to get your support for the Party.

Sending this in writing is the best way to have the correspondence on record.

Hoping for an answer as soon as you can.

PS. I also spoke to Suman that I am now once again available to help you with shop work in the way I used to do many years ago as and when you need me to work in the shop. This could be on opening the shop, doing the newspapers for deliveries, and serving at the Till as well as stocking the shelves. I had been very busy with my research and development of the Party (TCLP-UK) which is why I had not been able to take up gainful employment in the past few years. But with the Grace of God I am free to devote myself to supporting your business.

God and Creation: how we must live

Published: August 1, 2024

A Foreword to our Vision

Hello Members and Visitors!

God wants us human beings to be gentle, peaceful, loving and accommodating towards all our fellow human beings and the wider biodiversity of plants and all other organisms. I have learnt this lesson the hard way and at 67 years of life wish to devote myself to these ends.

Karma in sanatan dharma means actions in allegiance to God.

For those who know this, you are most welcome to become part of our Party.

We must not be revengeful towards those who harm us, but persuade them that they are only harming themselves in the process of harming others. For God-loving people cannot be harmed. They go on and on.

The United Kingdom has proven to me to be a very harsh place, but nothing is impossible if one keeps to the basic facts about God and Creation.

The Conservative Libertarian Party is an offshoot The Conservative Libertarian Society, which we bring our vision into. We aim to change society through the Party focussing on social works

that we perform our daily routines as law-abiding citizens of the United Kingdom. We reform the State as we see necessary, for being God-lovers and State-lovers do come into conflict if the State is run with absolute powers at the top of the hierarchy. We campaign through words only for a better way for the State to operate, but always peacefully and subject ourselves respectfully to the ornamental Monarch to sanction our every step through the legal process.

Conservative Libertarians (UK) believe that there is widespread corruption in the unwritten Constitution of the United Kingdom, which can be rectified through the political process by aiming for a Cultural Monarch-based Republicanism that upholds all traditions of the people that have built up over the centuries.

If we secure 15 or so members to act as officials to the existence of the Conservative Libertarians (UK) accordingly, we would have the numbers required to complete our registration of the Party with the Electoral Commission to start the process of taking part in active democracy in the United Kingdom.

Yours sincerely

I caught the news headlines this morning and decided to write to you both this single email-letter to see if we can find any common ground, as I was looking for support for the TCLP-UK as attached: [ToTheRaviKumars\(SUPPORT NEEDED FOR PARTY FORMATION\)4Jul2025.docx](#)

Is there really a need to form a new Party: we already exist to Green Socialism and anti-corruption/crime and Human Rights for all our citizens in the United Kingdom.

Let me give you a bit more background. I am now 68 years old and came to the United Kingdom as a 15 year old boy from India.

I was ousted by University of Greenwich after an 18 year scientific career in Agriculture, then ousted by Labour, Reform, Conservatives, and Liberal Democrats; so disgruntled and being disenfranchised I researched into developing the tenets of what a Party should be about and came up with knowledge that one could not keep the existence of God out of the considerations: <https://app.joinit.com/o/conservative-libertarians/posts/k9TrhTcADT6Sg9hP2>

There is not much time to waste, so please do not take too long to connect with me:

 Dear Mr Paul Tiwana

During the past half a dozen years or longer (since we worked together at Shell Garage), casting our friendship aside and never once accepting that I was reliable you were part of a conspiracy with Kent Police that got me arrested 6 times for no reason whatsoever and also victimised me as being a mental patient with paranoid schizophrenia and persistent delusional disorder. I have always protested my innocence but you refused to help me including at the attempt that I have made to get the persecution that I have been terrorised with heard in Parliament.

I am accordingly claiming damages and apology in relation to issue:

(aj) protecting Gurpal Singh Tiwana, Daneswari Kundeti, and three RaviKumars who had agreed to act as officials of the TCLP-UK in the Registration of the Party with the Electoral Commission in conspiracy with the Commission (£1,000,000)

Lesson: Block LinkedIn with cutting edge language like fuck off/shitbag etc to make the State authorities exposed in the Courts. This is how you sort out the State by handing power back to the Courts as independent bodies with full independence of the Judiciary that is prevented from getting manipulated by the monarchical establishment of the Crown. It is de facto revolution, such is the construction of the latest Particulars document pages 38-40 above.

If Medway County Court does not act now, what is to happen next? The registration of the Party has stalled.

At 17.46 pm a new connection came in by the name of Kylie: disconnected to stop the aggravation that would have tensed me up and I would have reacted sooner or later by some words. The State failed to discharge its Judicial Duty, I have managed to complete the Party Registration using Rupa as a Campaigns Official. I am now awaiting confirmation or consideration etc, and the Online facility to come up that would enable me to pay the £150 Registration Fee. I am not publishing any books now.

Lesson: if there are questions bugging you, one has to find the specific action to remain on the emerging truth-path. There was nothing from the Medway County Court yesterday and a query was raised on Party registration so it had to be blocked off or a favourable answer obtained having narrowed down the options to these two outcomes of my struggle. If Party registration

fails, the litigation succeeds. If litigation fails, the Party registration succeeds. Have no objectives. Be satisfied with the outcome of one's endeavours. Justice will prevail.

06.07 am (UK-Time) 05 July 2025

Updated this book in Internet Archive and in Allurement of Reality in Review Shop to the introduction of 'Principles of navigation to identify the truth-path being finally ascertained'. Then modified the Forum post's Update 10: with this link: (10) 06.17 am (UK-Time) 05 July 2025 https://archive.org/details/lessons-learnt-so-far-digital_20250705. It is the safest way to proceed on this Saturday morning. For any intrusions into me and I can refer the intruder to examine this post: <https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/are-we-seeing-the-total-collapse-of-the-civilisation-of-the-united-kingdom>; for fresh proceedings to begin anywhere whatsoever. That is the beauty of having travelled the truth-path. If nothing happens, I am still very happy for I have Ananda in the morning and during the day when I am idling and have got things I can continue doing in karma in sanatan dharma to take me to new pastures of activities. I have my websites to develop from a position of strength for one thing. I will see what comes up next and move accordingly.

 MAKING IT UP AS ONE GOES ALONG

[Edited: 15.31 pm (UK-Time), 14 June 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular raison d'être. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 430 eBooks that

I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I stared writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is making decisive acts instantly with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

Conservatives and Reform need to form an electoral pact and fast to stop Labour

in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/conservatives-and-reform-need-to-form-an-electoral-pact-and-fast-to-stop-labour>

The prospect of a Labour government is so alarming to TCLP-UK that the Starmergeddon of high taxes and high public spending with concomitantly now entrepreneurship in the economy for 5-10 years that will stifle growth, we would urge Reform (UK) Party to form an electoral pact to deal for the 4 July general election.

But Reform UK Party seems to have long term plans and is quite content with being in the opposition for years in order to demolish the Conservative and Unionist Party for good. This in itself would not be good for the country in the medium to long terms. Conservatism is a genuinely good idea whereas Reform Party is currently banging on superficialities such as immigration per se. It does not reveal its true agenda of ultra-right wing nationalist policies as can be seen here: <https://www.knowledgeassessmentanddissemination.com/post/my-continued-membership-of-reform-uk-party-update>

As a protest Party against the established parties Reform (UK) is fine, but it does not wish real change to the Constitution of the United Kingdom that TCLP-UK advocates, so what is the Party going to reform.

Bringing in a Populist leader in Nigel Farage is unsustainable in the long term unless Reform Party develops real substance and labels itself to what it stands for in terms of a genuine conceptual notion of what people would expect from the representation of its members in the House of Commons.

Having had two months of interactions with Reform UK Party as a Member I am not wanted in the Party as I was not wanted by United Kingdom Independence Party that Nigel Farage led. I only voted for Brexit as I believe that the country needs to be independent free from outside interferences.

My mind is made up now. I will not vote for Reform UK Party. I will vote for the Conservative and Unionist Party which comes closest to the way TCLP-UK sees a government to be run; until of course TCLP-UK is able to acquire members and contest elections. This would take decades, I foresee.

As Conservatives and Reform consider an electoral pact to counter Labour, political campaigns and events may involve public interactions and gatherings. It's essential to have Public Liability Insurance to cover potential claims from third-party injuries or property damage. Stay protected while engaging voters and organizing impactful political movements.

Welcome to our Community of Conservative Libertarians on the sound principle of navigation that if you cannot beat them join them. The Conservatives in the Conservative and Unionist Party are all washed up; Libertarians in Reform are populists and fractured bunch without coherent content to make durable restitution of the British nation. So Conservative Libertarians is a the formula that tackles the drift to class warfare Socialism of the Labour Party and Wokism of the Liberal Democrats in the interests of the nation with patriotism to drive moral politics in the years to come.

Dear Sir/Madam

I am reassured this morning that at long last all the entry formalities for TCLP-UK in the PEF Online facility have now been correctly and appropriately performed by the Party (see below correspondence), and all that remains is for me to receive the Online Registration Fee payment information to pay the £150 for the application to be approved.

Should the Electoral Commission have any outstanding queries relating to this matter, please do not hesitate to contact me again.

Yours sincerely

With no correspondence left to deal with on this Saturday morning, updated this book in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of: 'Testing it out: the process of travel through Brahma-Nature'.

The replaced the earlier inserted link in Update 10 with this link, for it is the bottom line of injustices that the State has to deal with referring to the latest J00ME572 Particulars of Claim at Medway County Court.

Subscription Fees for posting in the websites of TCLP Limited

All posters in this and other websites belonging to The Conservative Libertarian Publications Limited are required to pay an annual subscription of £16 as Members of Conservative Libertarians (UK). This is because I run my show on a shoestring budget and so need to find money to maintain these websites as part of my philanthropy for mankind. I do not wish to edit anything submitted for consideration so as to have a facility that promotes discussion that would benefit us all.

So before you post, ask yourself: have you paid the subscription Fee for posting privileges here:
<https://app.joinit.com/o/conservative-libertarians/>

The websites relating to this stipulation are detailed here:
